

Conference
on the **Future**
of **Europe**

Generation d-Liberation

PAID OPPORTUNITY: COVERAGE OF STUDENT ASSEMBLIES

1. Background and Context

The Generation d-Liberation project, which is running from April 2021 until May 2022 aims to give tools to young people, and particularly school students - both in general and VET education - to be able to discuss the future of Europe and the role they want to play in it, with specific regards to the fields of: the future of education and training in Europe; a sustainable Europe; a democratic and citizen-centred Europe; next Generation EU; other potential topics highlighted by them as a priority.

This will be done both through facilitated deliberations in 6 countries: Italy, Belgium, France, Germany, Romania, Hungary) as well as by any young person who receives the methodology that the project will develop. All ideas will be collected on an online platform and will serve as a basis for recommendations to members of the European Parliament who will represent the student perspective on the Conference on the Future of Europe.

From September until December 2021, the student assemblies will be taking place in the above-mentioned countries.

2. Content needed

Are you an artist interested in covering one of these student assemblies? We'd love to hear from you if so. (Paid opportunity)

We are looking for human stories that would answer some of the following questions:

Why are people attending these assemblies? What did they expect when attending? How do they see the future of Europe and their future as Europeans?

Format

- **Photography** (photoseries preferred) from the assembly
- **Short form videos**
- **Quotes and other written input** from people attending the assembly - to be submitted *maximum 2 weeks after the assembly*

3.Budget

The budget for the coverage of 1 assembly is of 250 € gross (negotiable, depending on experience and pitch)

Please send your proposal (CV, portfolio with previous works) to soundous@alliance4europe.eu
